We are pleased to announce our fifth conference (SCMT5) will be held in the UK at Kingston University London.

The conference will be held at the Penrhyn Road Campus in Kingston upon Thames on 15-17 July 2019 with registration and a welcome reception on Sunday 14 July.

Conference Location

Kingston University London is based in Kingston upon Thames, a busy riverside town in South West London, with historical sites such as Hampton Court Palace and the majestic Richmond Park close by. A short 30 minute train journey will take you straight to the heart of the Capital. Embrace London and all that it has to offer, from shopping sprees in Oxford Street, sightseeing on top of the London Eye, taking in a show at the London Palladium, refuelling at The Ritz or relaxing and reflecting along the River Thames.

Conference Themes

⇒ Efficient & Sustainable Use of Construction Materials
⇒ Technological Advances for Sustainable Practice
⇒ Designing Structures and Buildings for Sustainability
⇒ Regulatory Framework and Government Initiatives

Language: The conference will be presented in English.

In addition to papers presenting new research, we would welcome tightly focussed review papers based on carefully selected references from the existing literature.

Proposals for special named sessions presenting papers from organisations, departments or research programmes would be most welcome. A minimum of five papers would be required. For more details please email: kingstonuniversityeventsSEC@kingston.ac.uk.

All accepted final papers will be published on the SCMT conference website. Refer to this website for details of past conferences and papers which you can download or purchase as volumes of proceedings.

Sponsorship

Sponsorships are requested to support the conference. All sponsors will be recognised during the session events. There are several categories of sponsorships.

For more information please email: kingstonuniversityeventsSEC@kingston.ac.uk
There will be a concurrent exhibition relating to the subject area and this trade fair has been the focal point at the events in the past. This will provide an opportunity for concrete manufacturers, materials suppliers, contractors, publishers, research, educational and professional institutions/companies to display their latest products and services in the field related to the conference themes. For further information or to reserve an exhibition space: kingstonuniversityeventsSEC@kingston.ac.uk

The conference will be held at the Penrhyn Road campus in Kingston upon Thames.

On the doorstep of the capital, Kingston offers all the highlights of city living in a leafy, riverside location.

The fee includes all lunches, teas/coffees, speakers’ breakfasts and e-proceedings as well as attendance at the presentations and exhibition. The conference banquet will be offered at the subsidised rate of £50.00 per person. 

*before 31st March 2019

Travelling to Kingston

Just a few minutes’ walk from Kingston town centre and halfway between Surbiton and Kingston train stations, the Penrhyn Road campus is busy, lively and cosmopolitan, with a range of cafes, bars and restaurants on site. The conference address is:

Kingston University London
Penrhyn Road
Kingston upon Thames
KT1 2EE, United Kingdom

You can drive here within 40-50 minutes from either London Heathrow (LHR) or London Gatwick (LGW). You can find directions by rail, bus and road via our webpage

Conference Banquet

The conference banquet will take place on the evening of Tuesday 16th July at Ravens Ait. The venue is situated on a stunning two acre island on the River Thames. This is just a 10 minute walk from the university, and boasts beautiful views of the river.

Guests will board a boat to cross over to the island. The cost of the banquet is £50.00. You can book the conference banquet when purchasing your conference ticket.

Penrhyn Road Campus

The conference will be held at the Penrhyn Road campus in Kingston upon Thames.

On the doorstep of the capital, Kingston offers all the highlights of city living in a leafy, riverside location.
The conference will be run by our host, Professor Mukesh Limbachiya (M.Limbachiya@kingston.ac.uk) along with conference organisers Professor Eshmaiel Ganjian (e.ganjian@coventry.ac.uk) and Professor Peter Claisse (pete@claisse.info).

INTERNATIONAL ADVISORY COMMITTEE MEMBERS

Prof. Tarun Naik, University of Wisconsin, USA
Prof. Antonio Nanni, University of Miami, USA
Prof. Jin-guang Teng, Hong Kong Polytechnic University, Hong Kong, China
Prof. Nader Ghafoori, University of Nevada, USA
Prof. Syed Faiz Ahmad, Lievense Arabia, Saudi Arabia
Prof. Tim Ibell Freng, University of Cambridge, UK
Prof. Venkatarama Reddy B.V., Indian Institute of Science Bangalore, India

TECHNICAL COMMITTEE MEMBERS

Dr. Alan Maries, AMSTaR Consultancy, UK
Prof. Ali Akbar Ramezanianpour, Amirkabir University of Technology, Iran
Prof. Antonio Nanni, University of Miami, USA
Prof. Antonio Tlesca, Basilicata University, Italy
Dr. Bruce W. Ramme, We Energies, Wisconsin, USA
Dr. Chris Weiss, USACE Engineer Research & Development Center, Mississippi, USA
Prof. Chun Qing Li, RMIT University, Melbourne, Australia
Prof. Gai-Fei Peng, Beijing Jiaotong University, China
Prof. Harald Justnes, SINTEF Building and Infrastructure, Norway
Prof. Hiroshi Yokota, Hokkaido University, Japan
Prof. Jamal Khatib, Beirut Arab University, Lebanon
Prof. Jean-Claude Morel, Coventry University, UK
Prof. John Forth, University of Leeds, UK
Prof. Julia Stegmann, University College London, UK
Prof. Kamal Khayat, Center for Infrastructure Engineering Studies, Missouri, USA
Prof. Konstantin Kovler, Technion Institute of Technology, Israel
Dr. Konstantinos Papadakis, Xi’an Jiaotong-Liverpool University, Suzhou, China
Dr. Kunal Kansara, Liverpool John Moores University, UK
Prof. Marios Soutsos, Queen's University, Belfast, UK
Prof. Mark Tyrer, Built & Natural Environment Research Centre, Coventry, UK
Prof. Michael McGinnis, University Boulevard, Texas
Prof. Milena Marroccoli, Basilicata University, Italy
Prof. Moncef Nehdi, Western University, Canada
Dr. Muhammad K Rahman, King Fad University of Petroleum & Minerals, Saudi Arabia
Prof. Nemkumar Banthia, University of British Columbia, Canada
Dr. Orhan Canpolat, Yildiz Technical University, Turkey
Prof. Pietro Lura, Swiss Federal Laboratories for Materials Science and Technology, Dübendorf, Switzerland
Prof. Sunny Nwaubani, University of the Witwatersrand, South Africa
Mr. Syed Faiz Ahmad, Chief Structural Engineer at Saudi Oger Ltd, Saudi Arabia
Prof. Tony Parry, Nottingham Transportation Engineering Centre, UK
Dr. Theofanis Kreviakas, Xi’an Jiaotong-Liverpool University, Suzhou, China
